Walt Ripplinger, Kristin Alcindor, Nate Bostrom

Last Meeting Date

6-30-2011

Members in Attendance

Bostrom (met informally with J. Battenberg & M. Halberg)

Next Planned Meeting

TBD

Current Status/Update

Marsh Halberg spoke with Nate Bostrom on 6-30-2011 at the Karen House during preparations for the 4th of July events. During this time Marsh suggested that the Buildings & Grounds Committee members – along with any other interested JA homeowners – inspect various locations within Jonathan and put together a “wish list” of property improvement projects for 2012.

Gassen employee Jim Battenberg had earlier shared this same idea with Nate via conversations during the week of 6-27-2011 – 7-1-2011.

Marsh and Jim both shared concerns about Tot Lot playground equipment, trail widening, “Jim Steele Tree Maintenance Days” in some of the original neighborhoods, and boulevard tree replacements in the Clover neighborhoods. A homeowner also shared with Nate (during the 7-4-2011 event) the need for replacing/repairing the basketball court surface in Neighborhood 6.

Nate has shared his thought that each member of the JA BOD should schedule a drive around inspection tour (Jim Battenberg, guide) of all Jonathan trails and points of interest before the end of this summer season.

Action Item

Responsible Party

Due Date

Drive around inspection tour by all BOD members.

Buildings & Grounds Cmte

8-31-2011

Put together list of suggested property repairs and improvements for 2012.
