

## GARDEN RULES

---

To help ensure that everyone at the community garden has a positive gardening experience, here are some rules to follow:

1. Watering – The Jonathan Association will provide main line hose / hoses for gardeners to use water off the spigots.
  - Water will be provided this year from the residence at 110156 Stanford Circle. Please use the spigot on the WEST side of the house.
  - **DO NOT LEAVE RUNNING WATER UNATTENDED.** Make sure the spigot is turned off firmly at the house.
  - Detach hose from the house when you are finished watering. Return and hang hose in designated area.
  - **Do not use red hose**, only designated hoses.
  - Jonathan is providing a total of 3 hoses, one double hose (2 hoses joined) and one single hose. Be courteous with the use of these hoses. Coil up the hoses and hang them in designated area.
  - Failure to comply with MAIN LINE HOSE regulation and coiling will result in the garden being **SHUT DOWN FOR THE SEASON.**
  - Please be courteous to your neighbors and water only 15 minutes at a time if someone is waiting for water.
  - Front plots will allow back plots to be watered by running a hose along the edge or side of front plots (front are closes to the center path).
  - Try to only water the specific plants you want growing, reducing weed growth.
2. Please keep the area around the garden clean.
  - Trash and gardening materials (string, plastic, stakes, containers, etc.) should be put into garbage can.
  - Branches and weeds should also be discarded in the trash.
3. Please stay on trails on your way to the garden, DO NOT cut through resident's yards.
