

POLICY RESOLUTION # 19 – Jonathan Association Board of Directors

DATE: November 10, 2015

RE: Chemical Treatment of Storm Water Ponds

While acknowledging that:

1. The Jonathan Association has storm water ponds on Jonathan property; and,
2. Storm water ponds are not designed to be a landscaping features; and,
3. Storm water ponds are designed to protect lakes and rivers from pollution; and,

In addition to reaffirming that:

4. To help ensure that storm water ponds are able to work as designed, the Jonathan Association will not provide nor endorse chemical treatment of these ponds; and,
5. Determination of the pond being a storm water pond will be at the discretion of the Jonathan Association;

The Jonathan Association Board of Directors resolves on this day (11-10-2015) not to fund the chemical treatment storm water ponds.

Denise Hedtke, Secretary, Jonathan Association Board
